

Los Angeles County Science & Engineering Fair TEACHER WORKSHOPS

2023-
2024

Do you need help getting students started on a Science Fair project?

Do you want to improve the quality of student research?

FREE!

Teachers Will Learn How To:	Workshops will meet the needs of:
<ul style="list-style-type: none"> Facilitate choosing a topic Implement research Track student progress Produce award-winning science fair displays Use science/engineering fair projects as a venue to support NGSS and 21st Century Skills 	<ul style="list-style-type: none"> First Time & Veteran Coordinators and/or Educators ** Limited to 35 people per workshop, whether Virtual or In-person <p><i>Workshops include digital resources via Padlet with PowerPoint presentations for motivation and instruction, extensive curriculum and Internet links.</i></p>

- The workshops will also address the **ONLINE Pre-approval Certification process for project proposals involving Tissues/Cell Lines, Human Subjects, Vertebrate Animals, Hazardous Materials and Microbes.**
- Workshops and resources are designed specifically for 6th grade, Middle School and High School participants, **NOT K-5**

PLEASE BRING A LAPTOP for in-person workshops: download resources at home, from a **Padlet URL**

ATTENTION: Sign up for ONE workshop ONLY - the content is **identical** for all workshops and we need room for everyone at our expanded workshops this year.
