

# Los Angeles County Science & Engineering Fair TEACHER WORKSHOPS

2023-  
2024

Do you need help getting students started on a Science Fair project?

Do you want to improve the quality of student research?

# FREE!

Teachers Will Learn How To:	Workshops will meet the needs of:
<ul style="list-style-type: none"> <li>Facilitate choosing a topic</li> <li>Implement research</li> <li>Track student progress</li> <li>Produce award-winning science fair displays</li> <li>Use science/engineering fair projects as a venue to support NGSS and 21<sup>st</sup> Century Skills</li> </ul>	<ul style="list-style-type: none"> <li>First Time &amp; Veteran Coordinators and/or Educators</li> <li>** Limited to 35 people per workshop, whether Virtual or In-person</li> </ul> <p style="font-size: small;">Workshops include digital resources via <b>Padlet</b> with PowerPoint presentations for motivation and instruction, extensive curriculum and Internet links.</p>

- The workshops will also address the **ONLINE Pre-approval Certification process for project proposals involving Tissues/Cell Lines, Human Subjects, Vertebrate Animals, Hazardous Materials and Microbes.**
- Workshops and resources are designed specifically for 6th grade, Middle School and High School participants, **NOT K-5**

**PLEASE BRING A LAPTOP** for in-person workshops: download resources at home, from a **Padlet URL**

**ATTENTION: Sign up for ONE workshop ONLY** - the content is identical for all workshops and we need room for everyone at our expanded workshops this year.
