

Free Science Fair Workshops

Do you need help getting students started on a Science Fair project?

For Teachers

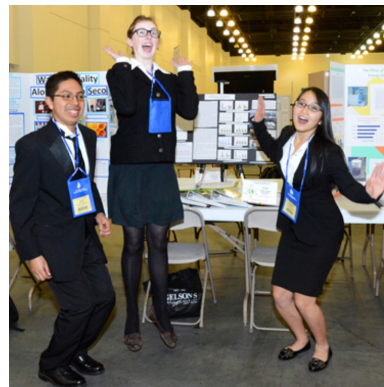

Do you want to improve the quality of student research?

Teachers will learn how to:

- ✓ Facilitate choosing a topic
- ✓ Implement research
- ✓ Track student progress
- ✓ Produce award-winning science fair displays
- ✓ **Use science fair projects as a venue to support NGSS and 21st Century Skills**

- Workshops and resources are designed specifically for 6th grade, Middle School and High School participants, **NOT K-5**

Includes almost 500 MB of resources for download, including PPT presentations for motivation and instruction, EXTENSIVE curriculum and links for strong science/engineering projects

This workshop will address the **NEW ONLINE Pre-approval Certification process** for projects proposals involving **Human Participants, Vertebrates and Higher Functioning Invertebrates, Potentially Hazardous Biological Agents and/or Hazardous Chemicals, Activities or Devices**

You will also be able to download resources at home, from a **Padlet URL** given at the training

Workshop	Date	Location
Session 2 - New & Veteran Science Fair Training	Sat. Oct 5, 2024 9:30-12:00pm	Marine Mammal Care Center 3601 South Gaffey St, #8, Los Angeles, CA 90731

You will learn about the MMCC's educational resources for your students and take an optional tour of the Exhibits, care animals, conservation efforts and field trip options after the workshop
Parking is free

Registration

(You will receive confirmation online upon registration. An email reminder will be sent with details a week before training)
